## Director's Foreword

With great satisfaction, I am presenting the sixth Annual Report (2014-15) of School of Planning and Architecture, Bhopal.

It is a matter of pride that Institute activities were completely shifted to our new campus at Bhauri in January 2015 with the infrastructure like three Hostel buildings, students amenities block and some staff quarters at the campus. Construction of QIP Centre, Gate Complex, internal road and staff quarters is almost ready. Government of India declared SPA, Bhopal as an Institute of national importance through an act of parliament published in Gazette of India in December 2014. I can say that each and every person has worked very hard to contribute their mite in bringing about qualitative changes in academic activities of the Institute

As envisaged in our charter, SPA, Bhopal already taken a lead role in the field of architecture and planning education in India. The School organized many national and international events to nurture the appropriate educational environment in the country.

I am happy to share that our internationally refereed journal called 'SPANDREL' is now established as respected 'among the architecture fraternity'. Institute has made our presence felt in the international arena and have signed ten MoUs with institutions of international repute such as Cardiff University, Wales, NTNU, Norway, Queen's University, Belfast, Washington University, Seattle and United Nations University, Kyoto University, Japan. The year also saw steady development in research and consultancy efforts with projects and collaborations taken up in the field of conservation, vernacular architecture, climate change and planning.

The institute is ably providing support in the region and also to many organizations such as Narmada Valley Development Authority, State Archaeology, Town and Country Planning Organizations of Madhya Pradesh, EPCO, MP, Department of Forest and Environment, MP, Eco-Tourism Board and Archaeological Survey of India. I sincerely express my gratitude to our Chairperson Mrs. Sunita Kohli, officials of MHRD, Government of India, officials of Madhya Pradesh Government and to Hon'ble members of our Board of Governors for their continued support in developing this Institute and its mission for realizing objectives for which it has been established.

**Prof. V K Singh**

## 2. Organization

School of Planning and Architecture was established by the Government of India as 'Institute of National Importance' in the year 2008 to be declared so by an act of parliament. The school is committed to produce best Architects and Planners for the Nation to take up the challenges of physical and socio-environmental development of global standards. This is being developed as 'University of Imagination', where a sense of inquiry prevails amongst all stakeholders/students, researchers, professors and society at large. School of Planning and Architecture will strive for Social sustenance through universal design, cultural sustenance through conservation and environmental sustenance through the discipline of Architecture, Planning and Design.

### **The Institute strives**

- To create School of Planning and Architecture, Bhopal as a centre of excellence for imparting quality education at undergraduate, postgraduate, doctoral and post-doctoral levels in Planning and Architecture.
- To create national level research and development centre with special emphasis on research and consultancy work in the field of Planning and Architecture.
- To create national level research and database centre and decision support centre for the preparation and implementation of settlement and habitat development programme for the Government.
- To create the nodal centre for mentoring other architecture and spatial planning institution in the central region.
- To create a cadre of high caliber faculty members who will be devoted to teaching, research and consultancy in all disciplines that deal with Planning and Architecture.
- To become socially responsible institution providing research feedback to the Government for physical development of human settlements.

### **SPA Act**

School of Planning and Architecture Act 2014 has received the assent of the president on 18-12-2014 and notified in the Gazette of India. The same is enclosed as annexure from page no 42 to 58.

## 11. Central Facilities

### 11.1 Graphics Lab

The multi faceted profession of Architecture and Planning needs aid of several Softwares. This is achieved through the graphics Lab. The Lab aims to equip the students with knowledge and practice of relevant and latest softwares, which may be used towards design development, drawing and preparing documents.

The graphics Lab is equipped with 60 computers with internet and software including Autodesk (3ds Max, AutoCAD, Revit, Inventor), graphics software, Corel draw, Photoshop, GIS software and other 2-d/3-d image rendering software. The lab has 30 KVA UPS for power backup. Technical support is provided to students and staff on one to one basis. Occasionally training sessions on general computer literacy and internet browsing are organized. The lab staff manages web-based e-mail access, web site maintenance, and centralized data storage including provision of technical support for hardware and software issues.

### 11.2 Computer Network

The computer network of SPA Bhopal includes institute labs, library, studios, hostels, faculty/staff terminals etc. accessed by over 750 users. Uninterrupted high-speed (1 GBPS) internet Wi-Fi/cable access is available throughout the institute campus. This facility is supported by National Informatics Centre (NIC) – National Knowledge Network (NKN) Bhopal and through standby arrangement of 100mbps internet speed from RAILTEL Corporation of India Ltd.

NKN facilitates sharing of educational material, research, services, and library facilities with other institutes in the country, and provides high performance computing facilities, e- Libraries, virtual classrooms and a collection of large database.

### 11.3 Communication and Media Cell (CMC)

Graphic lab serves as an institutional hub for dissemination of information through digital media. This cell facilitates dissemination of information related to various activities and events conducted by SPA Bhopal.

### 11.4 Geographic Information System (GIS) Laboratory

Remote Sensing (RS) and Geographical Information System (GIS) technologies have become an inevitable part of physical planning and its related fields. These technologies have emerged as powerful tools with a potential to handle complex spatial systems of the growing demands of the modern world. These increased demands call for a coordinated application of RS and GIS for a sustainable development and management of urban areas and regions.

A state-of-art GIS laboratory is developed in year 2010 in School of Planning and Architecture, Bhopal. A dedicated space of 35.00 square meters is allocated in Bhauri campus. This laboratory provides Remote Sensing, Geographical Information Systems and 3D Modeling resources useful for undergraduate, postgraduate and Doctoral students to prepare maps, analyze and query the spatial/ geographical data. This lab is equipped with nearly 20 high end workstations, latest softwares and high resolution satellite

data. Latest versions of Arc GIS, ERDAS imagine and IDRISI softwares are available. Apart from this, digital survey instruments, consisting of four DGPS and five hand-held GPS are also available.

A number of GIS projects were successfully completed with the technical assistance of the GIS team and through the utilization of resources available in the GIS lab. Some of the project successfully undertaken by the GIS lab are :

1. Few ward maps of Bhopal were digitized and shape files of building were created thereof.
2. An Agricultural suitability map for the city of Shillong, Meghalaya was generated. In this, shapefiles according to parameters such as soil texture and rainfall distribution which had an implication on the agricultural process and yield were rasterized using the Conversion tool. Using the Weighted Overlay tool, the schematic map of the Agricultural Suitability was generated using the hierarchy of the rasters.

A suitability map was created for four and five star hotels in Aurangabad, Maharashtra. Shape files were created for factors like land use of the entire city, proximity to major roads, transport hubs, tourist clusters and population density. The shape files were rasterized using Conversion Tool and later translated into a schematic suitability map for hotels using the Weighted Overlay tool. From the attribute table, areas of the suitable areas were derived and calculated.

Following are the details of the GIS laboratory resources:

Hardware	Item	Quantity	Specifications
Workstations		01	HP Z800 with 16 GB memory and Quadra FX3800NVIDA Graphic card, XEON 2.67 GHz dual processors

### 11.5 Architecture and Planning Studios

SPA Bhopal is equipped with large studios giving ample space and infrastructure including lap top points, Wi-Fi and audio - visual facilities. Every programme has their independent studio which may be modified into formal sitting and drafting as well as informal working arrangement for smaller group discussions and model making. The studios create a platform for intellectual discourses, promote sharing and creates working environment conducive for architectural and planning education.

### 11.6 Library

The institute library serves as a creative and innovative partner to support the teaching, learning and research activities of the institute. Its main objective is to meet the rising expectations of the student community by providing unparalleled services that advance the institute's mission to create new knowledge. This is one of the vital organs of the institute to meet the mission of academic excellence. It also acts as an indispensable unit of the institute to bring an innovative and dynamic educational change in partnership with the institute's faculty, student and staff.

Library houses quite a good number of print and electronic resources in the field of Architecture and Planning. The books are arranged subject wise for easy and quick access. Open access system has been adopted to ensure more freedom to the users and reduce the gap between the user and the collection. Experienced, cooperative and professionally trained library staffs are employed for systematic organization of the library documents as well as to maximize their usage.

#### **Library Collection:**

Books and Micro Documents- The library has a total collection of around 8100 books which covers different sub-areas of Architecture and Planning like architectural structure, history of architecture, public structures, religious & residential buildings, building construction, structural engineering, landscape architecture,

architectural conservation, interior design & decoration, decorative arts, urban and regional planning, construction management, economics, sustainable development, drawings, paintings, classics, etc. The collection includes textbooks, reference books, CD-ROMs, etc. and books are added regularly.

Journals- Library subscribes to 142 journals (48 national and 94 international). It includes 74 journals which can be access online throughout the campus. Besides, the current journals the library has around 625 bound volumes as well. Procurement of journal archives of the highly used journals is under process.

Databases- Subscribe two international bibliographic database (i.e. Avery Index to Architectural Periodicals and ProQuest's Theses and Dissertations) and two socio-economic databases (i.e. [indiastat.com](http://indiastat.com) and [districtsofindia.com](http://districtsofindia.com)).

#### **Automation & ICT Applications**

Library services and housekeeping operations are automated with the help of library management software. Detail information about the library collections and services are available in its webpage (<http://spabhopal.ac.in/library.aspx>) and updated regularly.

The catalogue is available online throughout the campus. Newly acquired books and journals are being added to the database on immediate basis.

Library adheres to the principle of continuous improvement and to prove itself as an innovative, effective and efficient unit in the institute. Simultaneously, there is a continuous effort by the library to serve its user community in an efficient and innovative way.

### **11.8 Training and Placement Cell**

The Institute has a Training and placement Cell which assists students in selecting suitable organizations for undertaking professional training and facilitates the placement of graduating students.

In the last academic year, 4<sup>th</sup> Batch of B.Plan, 3<sup>rd</sup> Batch of B.Arch and 3<sup>rd</sup> Batches M. Arch (Urban Design/Landscape/ Conservation Architecture) and M. Plan (Urban and Regional Planning/Environmental Planning) have graduated. The Training and Placement Cell publishes a Placement Brochure providing the profile of all graduating students and helps in disseminating this data base to professionals and the industry at large. Graduating students have been selected by several reputed firms and consultants both in Campus interviews and off campus. With students of the earlier batches already placed in reputed organizations, the industry-academia links are being rapidly strengthened with the acceptance of our growing numbers of alumni in the professional fraternity.

The Training and Placement Cell also coordinates the Professional Training of students of all the programmes, which are part of their course curriculum. A Training Manual is designed by the Cell for compliance by students of all courses to streamline a system of evaluating deliverables worked upon in an industrial setup outside the curriculum. Students have been training in reputed National and International organizations both in the government and private sector and across a wide range of organizations including consultants, developers, research organizations and NGOs.

Human Resource development is a key objective of the institute and the Training and placement Cell strives to meet the demands of the Architectural and Planning professions by facilitating a vibrant industry-academia interface. Workshops for skill upgradation in verbal communication are conducted from time to time to help students

## **12. Center for Excellence**

### **12 . 1 Center for Human Centric Research (CHCR) Lab**

Committed to produce socially aware architects and planners, a multidisciplinary research hub 'Center for Human Centric Research' is housed at SPA-Bhopal. The CHCR propagates inclusive and multidisciplinary problem solving approach that tries to optimize the environment with extensive attention to the intended users. This approach has tremendous application in the developing countries, where majority of user population does not have power to influence the design and planning process. The center has developed a lab which helps conduct its activities through role play, full scale simulation and involvement of user experts like elderly or persons with disabilities.

### **12.2 Centre for Cultural Knowledge Systems (CCKS)**

The Centre for Cultural Knowledge Systems is envisaged to be a **national** resource centre which follows the path of Knowledge system approach; a method developed towards understanding the existing heritage in the paradigm of people, place and time leading to holistic understanding and identifying the heritage of the place. This leads to stimulation and encouragement for developing rigorous and innovative

methodologies towards intellectual inquiry and building a framework towards the conservation scenario of India.

CCKS shall undertake research and documentation of various heritage components, developing comprehensive inventories in central region of India and maintain a database of the resource materials for reference by all concerned researchers and institutions. CCKS shall facilitate government agencies in matters related to cultural heritage and establish links with national and international organizations for the benefit of Architectural Conservation profession and awareness on heritage matters.

### 13. Institute Works Department ( IWD )

The Institute Works Department of SPA Bhopal was established in August, 2009 for carrying out developmental activities for the proposed as well as present campus of SPA Bhopal. Since January 2011, IWD SPA Bhopal is operating from the site office of Bhauri Campus. .

Institute Works Department of SPA Bhopal is engaged in providing design consultancy to its own campus and has achieved many goals. IWD have designed almost all buildings in the campus viz boys and girls hostels, faculty accommodation, Admin staff residences, gate complex, Quality Improvement Programme Center and student amenity centre, etc. An external agency was appointed through a national competition for design of main academic building. Execution works were carried out mainly by engaging Central public works department (CPWD), Bhopal and National Building Construction Company, (NBCC), New Delhi.

Till March 2015, IWD has completed one Boys hostel (320 seats) and girls' hostel (280 seats) which is now occupied by our students. The work on the Boys hostel II is near completion. 34 Assistant Professors quarters are also near completion and will be handed over in near future. Twelve units of residential accommodation for staff is also in occupation by our staff members. Construction of basic infrastructural services such as electrical sub-station, internal roads and water supply Street Lighting, sewage network are in progress. IWD had designed accommodation for Director, Deans, Registrar, Group A, B, & C officers' residences and Gate complex building. All these projects are under construction. By these facilities we were able to shift our most of the permanent academic activities at Bhauri campus.

(2) The Director shall be the principal academic and executive officer of the School and shall be responsible for the implementation of the decisions of the Board and Senate and day-to-day administration of the School.

(3) The Director shall exercise such other powers and perform such other duties as may be assigned to him by this Act or the Statutes or delegated by the Board or the Senate or the Ordinances.

(4) The Director shall submit annual reports and audited accounts to the Board.

**20.** (1) The Registrar of every School shall be appointed on such terms and conditions as may be laid down by the Statutes and shall be the custodian of records, the common seal, the funds of the School and such other property of the School as the Board shall commit to his charge.

Registrar.

(2) The Registrar shall act as the Secretary of the Board, Senate and such committees as may be prescribed by the Statutes.

(3) The Registrar shall be responsible to the Director for the proper discharge of his functions.

(4) The Registrar shall exercise such other powers and perform such other duties as may be assigned to him by this Act or the Statutes or by the Director.

Other authorities and officers.

21. The powers and duties of authorities and officers other than those mentioned above shall be determined by the Statutes.

Review of performance of School.

22. (1) Every School shall, within seven years from the establishment and incorporation of School under this Act and thereafter at the expiration of every fifth year, constitute, with the prior approval of the Central Government, a Committee to evaluate and review the performance of the School in achievement of its objects in the said period.

(2) The Committee constituted under sub-section (1) shall consist of members of acknowledged repute in academia or industry, drawn from such fields of knowledge as may have relevance to teaching, learning and research in such School.

(3) The Committee shall assess the performance of School and make recommendations to the Board in accordance with the provisions laid down in Statutes.

Grants by Central Government.

23. For the purpose of enabling the Schools to discharge their functions efficiently under this Act, the Central Government may, after due appropriation made by Parliament by law in this behalf, pay to every School in each financial year such sums of money in such manner as it may think fit.

#### CHAPTER IV

##### ACCOUNTS AND AUDIT

Fund of School.

24. (1) Every School shall maintain a Fund to which shall be credited to—

(a) all moneys provided by the Central Government;

(b) all fees and other charges received by the School;

(c) all moneys received by the School by way of grants, gifts, donations, benefactions, bequests or transfers;

(d) all moneys received by the School from utilisation of intellectual property arising from research conducted or provision of advisory or consultancy services by it; and

(e) all moneys received by the School in any other manner or from any other source.

(2) All moneys credited to the Fund of every School shall be deposited in such banks or invested in such manner as the School may, with the approval of the Finance Committee and the governing body, decide.

(3) The fund of any School shall be applied towards meeting the expenses of the School, including expenses incurred in the exercise of its powers and discharge of its duties under this Act.

**Subject: -** Separate Audit Report on the accounts of School of Planning and Architecture (SPA), Bhopal (M.P.) for the year 2014-15.

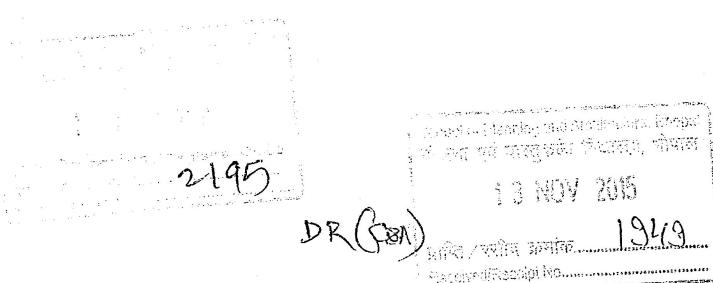

Sir,

Please find enclosed herewith the Separate Audit Report (SAR) on the accounts of School of Planning and Architecture, Bhopal M.P. for the year 2014-15. You are requested to ensure that the audited accounts and the SAR are adopted by the Board of Governors before placing the same before the Parliament.

2. The date of placement of the above Report on the table of both houses of the Parliament may please be intimated and a copy of the printed material may be provided to the undersigned for information.

**Encl:-** 1. Separate Audit Report  
 along with Annexure

Yours faithfully,

Z RONI  
 Director (Central)

**Separate Audit Report of the Comptroller and Auditor General of India on the  
Accounts of School of Planning and Architecture, Bhopal for the year ended 31  
March 2015.**

We have audited the attached Balance Sheet of School of Planning and Architecture(SPA) Bhopal as at 31 March 2015, the Income & Expenditure Account and the Receipt & Payment Account for the year ended on that date under Section 20 (1) of the Comptroller & Auditor General's (Duties, Powers & Conditions of Service) Act, 1971. The audit has been entrusted for the period up to 2017-18. These financial statements are the responsibility of the SPA's management and our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller & Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms etc. Audit observations on financial transactions with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency cum performance aspects, etc., if any, are reported through Inspection Reports/CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining on a test basis, evidences supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

- (i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
- (ii) The Balance Sheet, Income & Expenditure Account and the Receipt & Payment Account dealt with by this report have been drawn up in the format prescribed by the Ministry of Human Resource Development, Government of India vide order no. 29-4/2012-FD dated 17 April 2015.

- (iii) In our opinion, proper books of account and other relevant records have been maintained by the SPA, Bhopal in so far as it appears from our examination of such books.
- (iv) We further report that: -

**A. Balance Sheet**

**Sources of Fund**

**1. Current Liabilities and Provisions (Schedule 3) ₹ 2.15 crore**

1.1 This does not include an amount of ₹ 14.13 lakh towards the liability of various items of expenditure pertaining to the year 2014-15. Non provision for known liability has resulted in understatement of Current Liabilities and Expenditure by ₹ 14.13 lakh.

1.2 This does not include provision for gratuity and leave encashment on actuarial basis required to be made for the retirement benefits as per the revised format of accounts prescribed by the Ministry of Human resource Development. The SPA had provided for leave encashment liability only on the basis of actual leave balance on 31.03.2015.

**Application of Fund**

**Fixed Assets (Schedule-4) - ₹ 102.84 crore**

**2.1 Tangible Assets - ₹ 55.30 crore**

2.1.1 This does not include an amount of ₹ 10.39 crore relating to construction of 34 quarters for the Assistant Professors, completed and occupied during the year 2014-15. Non-capitalization of the work completed during the year 2014-15 has resulted in understatement of Fixed Assets by ₹ 10.18 crore (₹ 10.39 crore - ₹ 0.21 crore depreciation), overstatement of Capital Work-in-Progress by ₹ 10.39 crore and understatement of Expenditure by ₹ 0.21 crore.

2.1.2 This includes an amount of ₹ 12.84 lakh pertaining to the Computer Software under Computer & Peripherals. According to the revised format of accounts, Computer Software has to be classified under Intangible Assets and it would be amortized @ 40 *per cent* instead of 20 *per cent*. Non classification of Computer Software as Intangible assets resulted in overstatement of Tangible Assets by ₹ 12.84 lakh and understatement of Intangible Assets and Expenditure (depreciation) by ₹ 9.63 lakh and ₹ 3.21 lakh respectively.

### **2.1.3 Capital Works –In-Progress–₹ 47.54 crore**

This does not include an amount of ₹ 61.02 lakh payable to Central Public Works Department (CPWD) towards the construction of 33KV Indoor Sub Station work executed till 31.03.2015. As the Institute had paid an amount of ₹ 100 lakh to the CPWD against the cost of ₹ 161.02 lakh of the actual work executed till 31.03.2015, a provision for liability of ₹ 61.02 lakh should have been made. Non provision for the known liability has resulted in understatement of Capital Works –In-Progress and Current Liabilities and Provisions by ₹ 61.02 lakh.

## **B. Income & Expenditure Account**

### **1. Depreciation (Schedule 4): ₹ 1.62 crore**

The SPA adopted written down value for calculation of depreciation and calculated the depreciation for 6 months for the assets capitalized after 30<sup>th</sup> September 2014. According to the revised format of accounts, the depreciation on fixed assets is to be provided on straight line method at the rates prescribed for respective asset and depreciation on additions to fixed assets during the years is to be provided for the whole year. Adoption of incorrect method for calculation of depreciation resulted in understatement of Depreciation and overstatement of Fixed Assets by ₹ 1.30 crore.

## **C. Grant-in-aid**

During the year, the SPA, Bhopal received grants-in-aid (Plan) of ₹ 47.99 crore from Government of India. In addition, it had an unspent balance of ₹ 13.14 crore of previous year and had ₹ 5.85 crore as internal receipts for the year. Thus, out of the total available funds of ₹ 66.98 crore, the SPA utilized ₹ 53.09 crore during the year, leaving unspent balance of ₹ 13.89 crore at the end of the year.

## **Effect of Audit Comments on Accounts**

The net impact of the comments given in the preceding paras is that the Assets were overstated by ₹ 93.19 lakh and Liabilities and Expenditure were understated by ₹ 75.15 lakh and ₹ 168.34 lakh respectively.

Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, Income & Expenditure Account and the Receipt & Payment Account dealt with by this report are in agreement with the books of accounts.

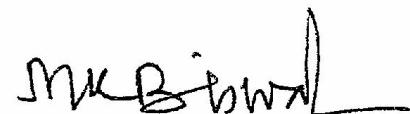

In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with the Accounting Policies and Notes on Account and subject to the significant matters stated above and other matters stated in Annexure to this Audit Report give a true and fair view in conformity with the accounting principles generally accepted in India:

- a - In so far as it relates to the Balance Sheet of the state of affairs of the School of Planning and Architecture, Bhopal as at 31 March 2015 and;
- b - In so far as it relates to Income & Expenditure Account of the surplus for the year ended on that date.

### **Annexure**

**1. Adequacy of Internal Audit System:**

The internal audit was conducted by a chartered accountant firm and the internal audit report is submitted to the management. Internal audit system was found to be adequate.

**2. Adequacy of Internal Control System:**

The internal control system was found to be inadequate as the Institute has not prepared its bye-laws as required under its Memorandum of Association even after 7 years of its formation.

**3. System of Physical Verification of Fixed Assets:**

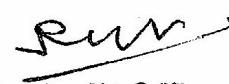

Physical Verification of Fixed Assets has been conducted during the year 2014-15. No material discrepancy was found.

**4. System of Physical verification of Inventories:**

There were no inventories as on 31.03.2015.

**5. Regularity in payment of statutory dues:**

No irregularity was noticed in the payment of statutory dues.
